

E-Waste or WEEE(Waste electrical and Electronic equipment) comprises any equipment with electrical or electronic component after the end of its useful life.

WHAT IS E-WASTE?

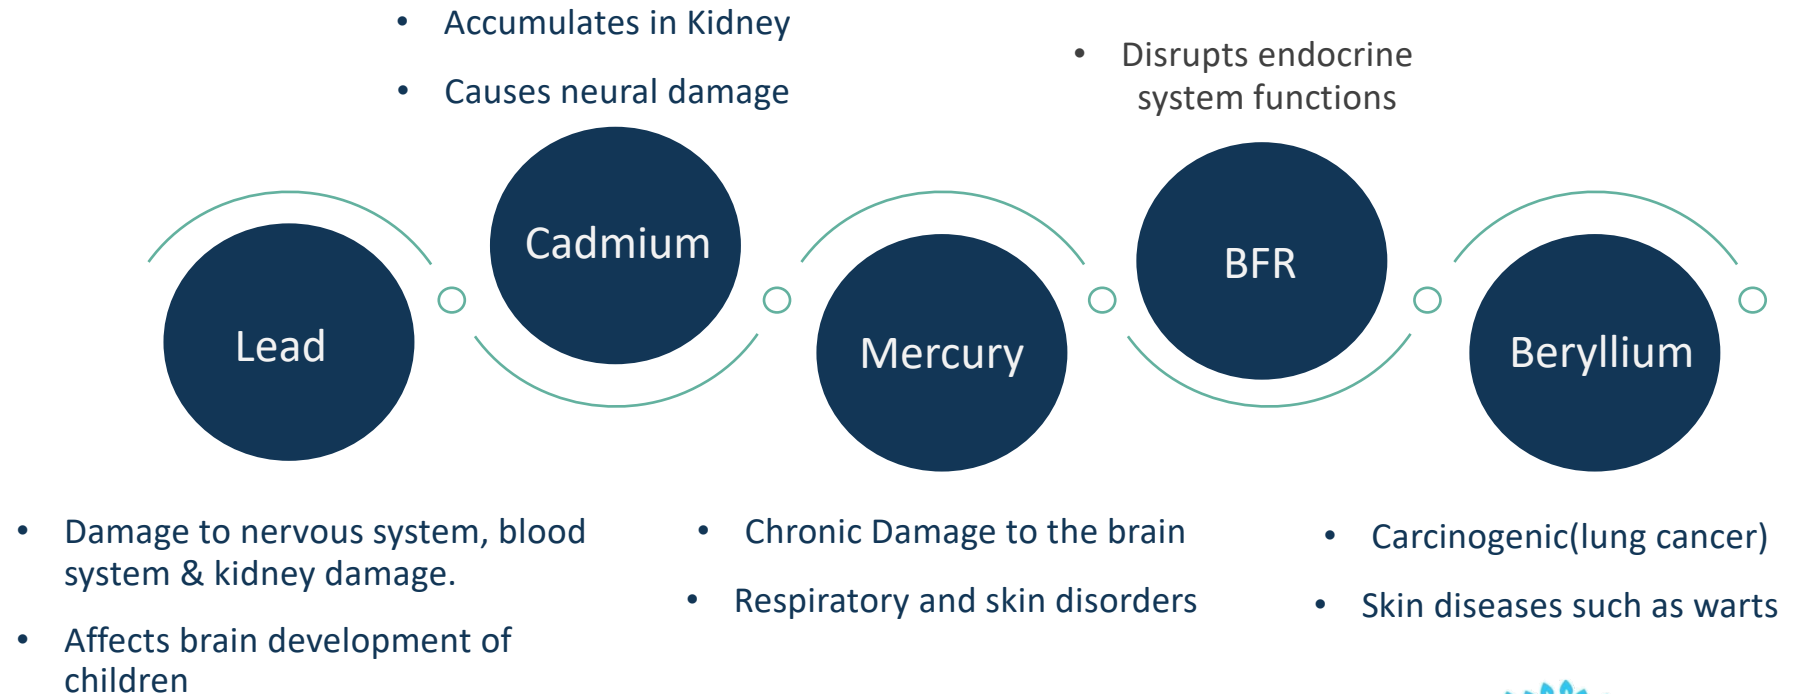

EXAMPLES

- Mobile Phones, Tablets, Laptops , Desktops, TVs
- Printer, Scanners, DVD players, Speakers, Cameras
- Household appliances viz. Microwave, Oven, Toaster, Mixer Grinder, refrigerator, Washing Machines, ACs
- Accessories: Chargers, Earphones, Cables ,
- Inverter Batteries, Stabilizer, UPS,CDs,Cassette, Floppy Disks
- Tube lights, Bulbs, CFLs, Toner/Cartridge , Dry cells

WHY IS E-WASTE HAZARDOUS?

- If E-waste is dumped and exposed to soil and moisture, various chemicals leaches into the environment and gradually poisons the soil making it infertile.
- Irresponsible disposal and extraction of metals by the unorganized sector has further lead to air, land and water pollution affecting the human and environmental health.

Chemicals released from e-waste and its effect on human health:

BENEFITS OF RECYCLING

HELPS KEEP TOXINS OUT OF
NATURE BY REDUCING THE
NEED FOR LANDFILL

PARTS OF DISCARDED
ELECTRONICS CAN BE USED TO
MAKE NEW ONES SAVING
ENERGY AND EARTH'S
NATURAL RESOURCES

PREVENT POLLUTION BY
REDUCING THE EMISSIONS OF
GREENHOUSE GASES DUE TO
INCINERATION

SEVERAL PRECIOUS METALS
LIKE GOLD,
SILVER, COPPER, BAUXITE, ETC,
CAN BE EXTRACTED AND
REUSED

PROJECT PLAN

1

Raising awareness , in association with **MeitY**, on hazardous effects of e-waste contamination to our environment and health.

2

Persuading the masses to collect the e-waste lying around in their houses and give it to **REWA Foundation**.

3

Aggregating the e-waste received from the people.

4

Giving the e-waste to authorized organizations for recycling or responsible disposal.

HOW CAN YOU HELP?

EDUCATE ●

RAISE AWARENESS AMONG PEOPLE AROUND ABOUT THE HARMFUL CONSEQUENCES OF IMPROPER E-WASTE DISPOSAL AND BENEFITS OF RECYCLING. URGE THEM TO DONATE THEIR DISCARDED ELECTRONICS

CONNECT ●

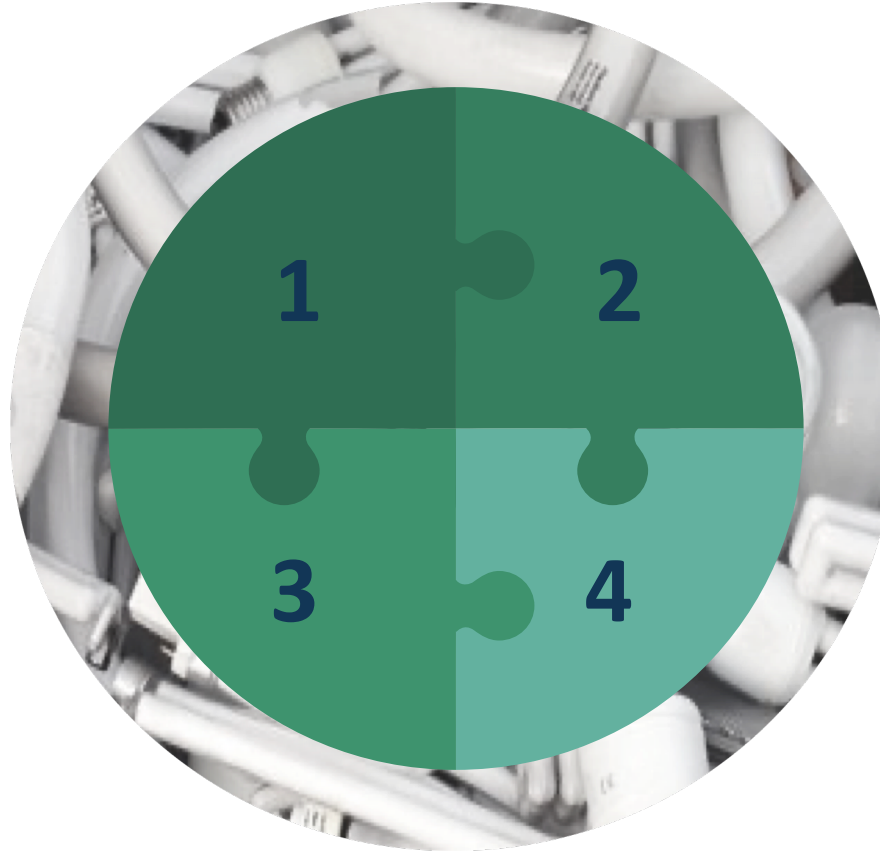

CONTACT THE MEMBERS OF REWA FOUNDATION AND WE WILL HELP YOU REGARDING WHAT TO DO NEXT

● ACCUMULATE

ACCUMULATE OLD ELECTRONICS OR ELECTRICAL EQUIPMENT (REFER TO LIST IN SLIDE 1) LYING AROUND IN THE HOUSE THAT IS EITHER DAMAGED OR OF NO USE.

● DONATE

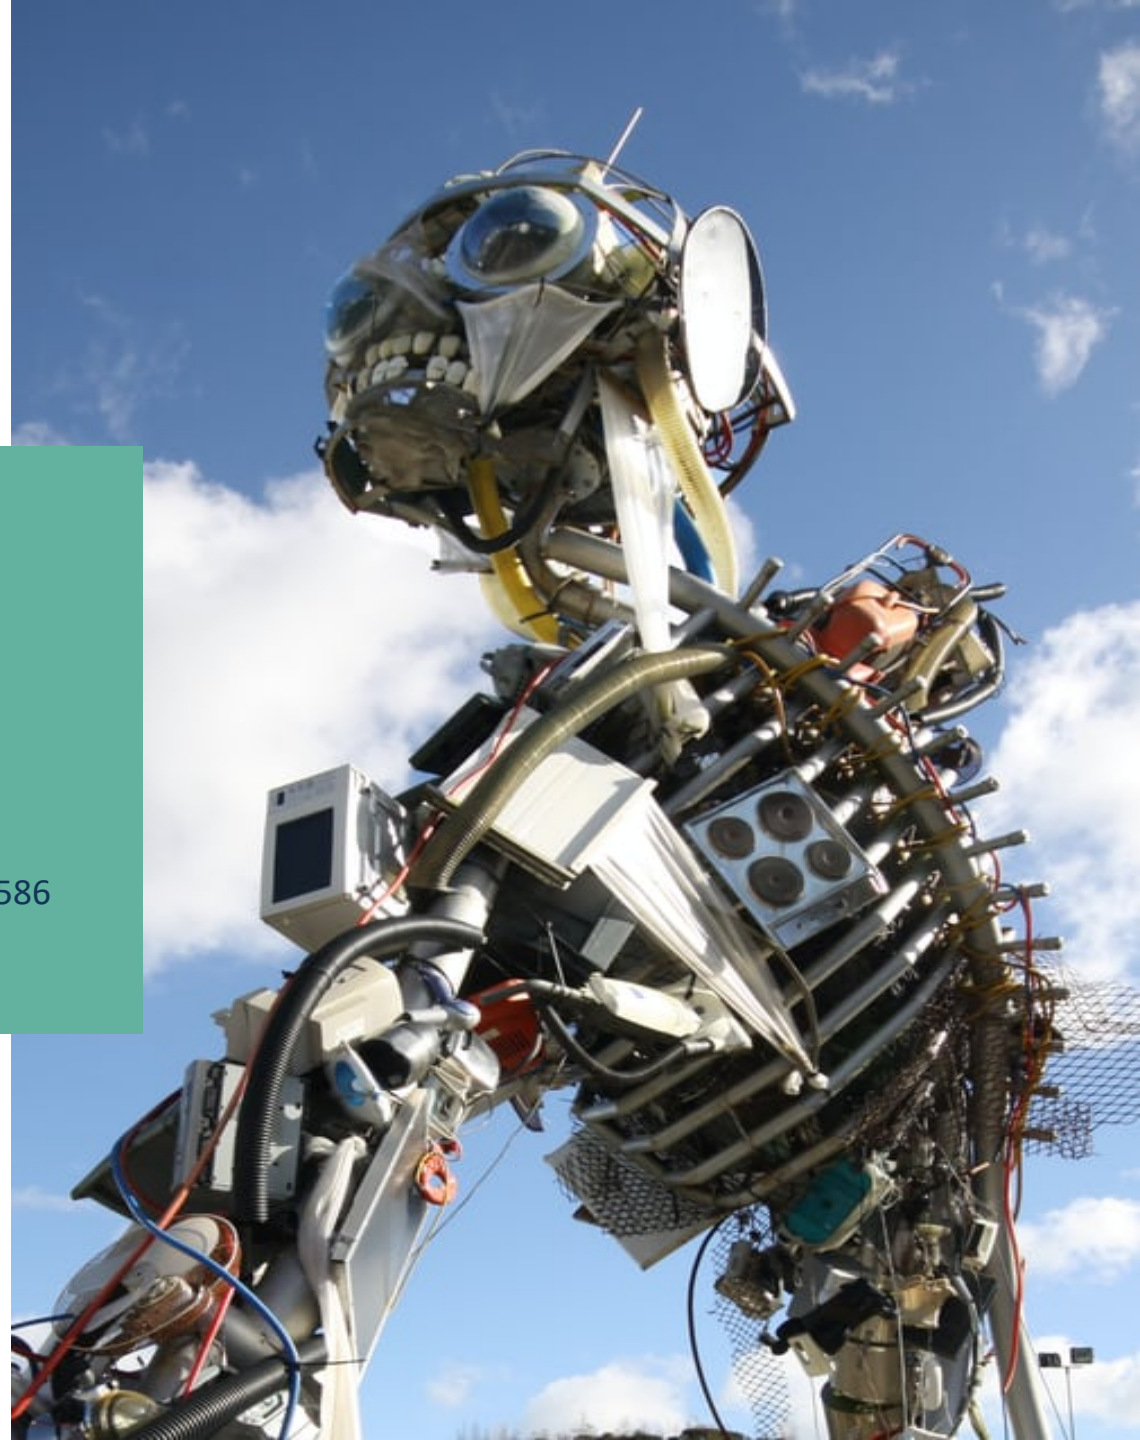

DELIVER THE COLLECTED WASTE AS INSTRUCTED OR ASK US TO PICK-UP IF NEEDED

Thank You

ABOUT REWA FOUNDATION

REWA FOUNDATION
Reform Enrich Women Around

REWA Foundation, which is an acronym for Reform Enrich Women Around, is a women led NGO based in the quaint town of Purulia, West Bengal. Registered under the WB Societies Registration Act , 1961. Most of its activities are focused towards women and child development. As the name suggests, we believe in empowering women "around us" first, as they say , charity begins at home. Small grassroot level changes that help lead a better everyday is what we aim at.

Established in the year 2015, we have so far successfully completed more than 100 of projects. They cover a myriad of areas such as healthcare, education, environmental conservation and employment.
