## Sankalp - The Festival of Possibilities Inaugural Event

12:45 – 13:00

Questions and Answers

13:00 – 13:45

Panel Discussion 2: Role of end users in Waste Management

**Objective:**

Useful EEE turns into e-waste during its journey with the end-user or customer. If consumers enter the formal recycling channels, majority resources can be re-injected into the reverse supply chain with high efficiency. While monetary aspects dominate the current flow of e-waste into informal channels, discussions on better product cycle designs or improving buy back mechanisms might help re-shape the EWM landscape.

Moderator: Ms. Radhika Kalia, Managing Director, RLG Systems India Private Limited

**Panelists:**

- a) 13:05 – 13:15 Dr. Priyank Arya, Director, Environment, Health & Safety Services
- b) 13:15 – 13:25 Mr. Rishabh Maheshwari, Legal Manager and Compliance, OPPO Mobiles India Pvt. Ltd.
- c) 13:25 – 13:35 Mr. Ashish Sachdeva, Founder, Green Dream Foundation
