

REPORT – e-WASTE AWARENESS CAMP AT PODAR INTERNATIONAL SCHOOL

Venue	Podar International School, Bengaluru
Date	08.08.2023 – 09.08.2023
Time	10:00 till 13:00
Audience	Students (from 3rd to 10th standard) and teachers of Podar International School

Objective

Our primary objective was to make the students aware on what e-Waste is and what all products comes under that category, proper way of disposing off their domestic e-Waste, the components inside a few electronic products (Laptop, Cell phone etc.), the ill effects certain e-Waste creates if stored in their homes without disposing, the advantages of proper end to end recycling, disadvantages of throwing them out along with other general waste and the toll created by the illegal informal e-Waste recycling on our natural resources and climate.

Result

We were able to explain our objectives, importance of formal e-Waste recycling and the importance of proper disposal to all the students from 3rd to 10th standard of the school. We believe, educating the future citizens of the country is important to create a knowledgeable generation who is not ignorant. The VANSi IEM is honoured to have gotten the opportunity to conduct these two days awareness camp for the students of the Podar International School and we are jubilant for the healthy responses from the students. The students had many questions regarding the topics covered and the VANSi IEM was able to clarify every question they had. We are looking forward to conducting such events for school students in the coming weeks.
